

I am writing in regard to the LPFM broadcaster changes currently being considered. It will affect a certain station, K-LOVE, which I hear in Phoenix, AZ. This station is an uplifting difference from the other secular stations in the area and is very important both to my family and me but also to my local community and to the country as it is broadcast all over the U.S. It is positive and wholesome and we would be lost without it on our radio dial. I believe this would have a detrimental effect on our community if displaced by an LPFM broadcaster providing other and possibly more harmful programming. Please consider NOT giving LPFM's priority over FM translator services. We don't want to lose the positive values of K-LOVE that our family has come to love.
